## FINANCIAL DEPARTMENT

NOTIFICATION

*Ootacamund, September 26, 1908*

*No.* 25.—The following resolution of the Government of India is republished :—

DEPARTMENT OF COMMERCE AND INDUSTRY.

POST OFFICE.

*Simla, the 15th September 1908.*

No. 3627–3663—6.—In a letter No. 192-154, dated the 7th January 1903, the opinion of Chambers of Commerce and Trades Associations was invited on a proposal, which had been made by the Director-General of the Post Office of India, that the maximum limit of weight of inland parcels, which may be conveyed by post, should be reduced from 2,000 tolas (25 seers) to 800 tolas (10 seers). In support of this proposal it was urged that, in view of the facilities which were now available to the public for the transmission of heavy parcels by railway, it was no longer necessary to despatch parcels exceeding ten seers in weight by post. Such parcels were a source of considerable inconvenience to the Post Office—especially in cases where steamer or tonga services or "bhangy runners" had to be employed for the purpose. Moreover it appeared from the statistics which had been collected that heavy parcels were sent through the Post Office only to a very limited extent. Figures supplied by the Director-General showed that only about 1,700 parcels of more than ten seers in weight were received from the public for conveyance by post in 1906-07.

2. When the replies of the various Chambers of Commerce and Trades Associations were received, it was found that the majority of those bodies were generally in favour of the proposal. Some objections, on the withdrawal of what was alleged to be a facility to trade were, however, put forward. The principal objections raised were as follows :—

(*a*) that in 1907 a considerable increase was believed to have occurred in the number of heavier parcels carried over the number conveyed in the previous year,

(*b*) that the withdrawal of the concession would cause inconvenience to members of the public who live off the railway.

3. The Director-General of the Post Office was instructed to examine the statistics of the parcel traffic of 1907-08. The examination made has shown that the total number of private parcels exceeding 800 tolas in weight posted during that year was 1,738, as compared with 1,700 posted in the preceding year, and of these only one half had to be conveyed from the office of posting to the office of destination over runner and tonga lines. It is clear, therefore, that not only has the traffic in heavy parcels not increased, but that it has actually diminished by about a third in one year. No serious inconvenience to the public can, therefore, be apprehended, and it may be added that a large proportion of the heavy parcels actually sent could no doubt be made up into a larger number of lighter parcels, which would not exceed in weight the proposed limit of 800 tolas.

4. The Government of India have accordingly decided that from the 1st October 1908 the limit of weight of private inland parcels carried by the post should be reduced to 800 tolas. From the same date the limit of weight of official parcels will be raised from 800 to 800 tolas, so that the limits may be uniform.

RAILWAYS.

*Simla, the 15th September 1908.*

RESOLUTION.—By the Government of India, Department of Commerce and Industry.

No. 2772-2814.—In a Resolution of the Government of India, No. 258-G., dated the 15th February 1905, in the Public Works Department (Railway Branch) it was announced that the Railway Branch of the Public Works Department of the Government of India would be abolished, and that the control of the railway system in India would be entrusted to a Railway Board consisting of three persons—a Chairman and two members. The Chairman was vested with the general control of all questions committed to the Railway Board, and with power to act on his own responsibility, subject to the confirmation of the Board. It was stated that the ultimate decision on the greater questions of railway policy and finance affecting all items must of necessity rest with the Government of India, and in the Resolution of the Government of India in the Home Department, No. 639—649, dated the 1st March 1905, by which the Department of Commerce and Industry was constituted, it was ordered that all railway questions requiring reference to the Government of India should come under the cognizance of that Department. In accordance with these orders all railway cases requiring the orders of the Government of India have been referred by the Board to the Department of Commerce and Industry, and have been dealt with in the usual way by the Secretariat of that Department.

2. His Majesty's Secretary of State has now decided, after considering the recommendations of the Railway Finance Committee, that the following changes should be introduced :—

(1) The constitution of the Board will be altered by giving the Chairman, who will, in future, be styled the President, power to overrule his colleagues in cases where he is unable to accept their views. In such cases the members overruled will be at liberty to represent their views to the Government of India in writing.

(2) The title of the Board will be unchanged, but the Board with its staff will be known collectively as the Railway Department, and will be distinct from, and independent of, the Department of Commerce and Industry Secretariat.

(3) The President of the Board will have direct access to the Viceroy and to the Honourable Member of the Department of Commerce and Industry as if he were a Secretary to the Government of India.

3. The Governor General in Council is pleased to direct that these changes shall take effect from the 1st October 1908. All communications on railway matters with other Departments of the Government of India, with Local Governments and with the public will from that date be made to and from the Railway Board direct.

ORDER.—Ordered that a copy of this Resolution be communicated to the several Departments of the Government of India, for information and communication to subordinate officers and Departments, to all Local Governments and Administrations, to all Chambers of Commerce, and to the Officers named in the margin.

Secretary to the Railway Board.

2. The place of examination for the Written tests and for the Oral and Practical examinations will be notified in due course in the *Fort St. George Gazette*.

3. The Written tests and the Oral and Practical examinations in such subjects as require them will be held at those places only where satisfactory arrangements can be made for the conduct of such examinations. Candidates must, *at their own expense*, proceed to those places to undergo examination.

N.B.—*To guard against disappointment in the case of such of the Oral and Practical examinations as may be held before the Written examination, candidates are recommended to refer to Part I-B of the* Fort St. George Gazette *from time to time.*

4. Each candidate must, wherever the syllabus requires it, submit, *before the 30th September* the necessary drawings, plans, surveys, field-books, estimates, or other "certified works." Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own unaided work by the head of the institution or office to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

Candidates are specially warned that no certified works will be valued by examiners unless the certificate of authorship is quite satisfactory, and specifies clearly the period of time occupied in the execution of each work and unless the examiners are satisfied as to the identity and qualifications of the persons granting the certificates. Candidates, whose certified works are in any way suspected by the examiners, will be liable to have their examination invalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawings, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (*viz.*, the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be sent in one and the same roll. *Also, on the outside of each roll for each subject, each candidate should enter the following particulars in ink*:—

(1) Name of candidate,

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and *not rolled up* with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

5. Candidates must send in their applications made out on *printed forms, so that they reach the Commissioner's Office on or before the 30th September, after which date no applications will be received.* Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

6. Candidates in the mofussil could obtain the required application forms from the treasury of the taluk in which they are resident or of the district to which they belong. Candidates who are residents of Madras should apply for application forms at the Office of the Commissioner for Government Examinations, Old College, Nungambakam, and not to the Collector of Madras.

attached to the application, which must in every case reach the Commissioner's Office on or before the 30th September. *The fees will, on no account, be received in the Commissioner's Office whether sent on cash or by Post Office order. Such post cards will be returned to them in due course with the "Received" stamp of the office impressed upon them. No other form of acknowledgment except that required by the postal rules regarding registered covers can possibly be given, nor will any notice be taken of any letter from any candidate inquiring whether his application has been received. All the 72 loans lent to members were secured by registered (unstamped) bonds while three loans lent to members were on pronote executed by them and on the collateral security of their fixed deposit receipts granted to them by this bank. During the year a sum amounting to Rs 91,100 was received as payment of loans by instalments from members and a sum of Rs 1,700 from a member. Loans on the 30th June 1908 there was a sum of Rs. 1,72,950 outstanding as loan with sureties and a sum of Rs. 3,000 as loans with two members.

8. *Meetings*.—The Board of management held four meetings during the year and there was, in addition to the annual general meeting, an extraordinary general meeting of the shareholders held in connection with the amendment of certain by-laws.

The said review contains the necessary three statements of (1) Receipts and disbursements, (2) Profit and loss and (3) Assets and liabilities, and therefore no such tables are added to this report. Out of the net profit of Rs. 2,210-11-10 a sum of Rs. 554-14-11, being one-fourth thereof, goes to the reserve fund under by-law No. 17, to which must be added 9 pies which as per last annual report was shown to be in the general fund of the Bank. ## *AUDIT ORDER.*

I have perused with great interest the Special Deputy Collector's audit report on the accounts of the Madras Central Urban Bank (Limited), for the year 1907-1908. All the fifty shares have been taken up and, as advised by Registrar Mr. Rajagopalachari, the Bank has raised the number of shares to 100. During the year under report the Bank has made considerable amendments in its by-laws, all dictated by experience and conducive to better working. The expenses of management work out to about 1·8 per cent. of the transactions—a remarkably low figure—due to the personal trouble taken by the Secretary. The Central Bank is the chief pivot on which hangs the future of the co-operative movement throughout the Presidency; its transactions have greatly increased in volume; the Bank has always been very prompt in supplying funds; and the Registrar's thanks are due to the Secretary Sir V. C. Desikachariyar for the thorough and sympathetic way in which the work is carried on.

2. At the beginning of the year the reserve fund stood at Rs. 211-8-0, Rs. 211-8-0 in the Post office and 0 pies in the general account. During the year under report the amount due to the reserve fund is Rs. 551-11-11. The Bank will please pay Rs. 551-15-0 in the Post office keeping 8 pies in the general fund.
